

Doors and Windows

Series 200 Exterior Doors

Elixir Series 200 exterior doors have been a staple in the manufactured housing industry for over 30 years.

Series 200 doors are constructed from painted, galvanized steel, then attached to a heavy-duty extruded aluminum frame.

Features include energy efficient foam insulation, adjustable striker plates, and both frame and door are dead-bolt prepped. Weather-stripping on the frame and door insure a double seal.

Available options include a swivel lock bolt, threshold, drip cap, and a chain. A dead-dolt and knocker-viewer are also available upon request.

Series 200 doors are available in an assortment of colors, sizes, and window options. See page 26 for a list of doors usually stocked at most locations. Contact the Prime Supply nearest you for local availability.

Doors and Windows

Series 300 Exterior Doors

Elixir Series 300 exterior doors are a step above the Series 200.

Series 300 doors are constructed from vinyl-laminated galvanized steel, which is 50% thicker than the steel in the Series 200 door. This makes the door more resistant to dents and scratches.

Features include energy efficient foam insulation, adjustable striker plates, and both door and frame are dead-bolt prepped. Weather-stripping on both door and frame ensure a tight seal.

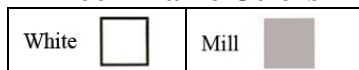

Options include a swivel lock bolt, threshold, drip-cap, and chain. A dead-bolt and knocker-viewer are available upon request.

Series 300 doors are available in an assortment of colors, sizes, and window options. See page 26 for a list of doors usually stocked at most locations. Contact the Prime Supply nearest you for local availability.

Sliding Glass Patio Doors

Kinro sliding glass patio doors make an excellent addition to any home. Available in either left or right hand operation, and in a variety of colors and styles.

Standard Aluminum Frame Doors

Standard sliding glass doors are constructed with an aluminum frame designed for flush mount applications. These doors feature heavy-duty weather-stripping, fully adjustable factory lubricated steel rollers, and 5/8" thick tempered safety glass.

A full length lip on the lock jamb serves as the lock strike, and requires no adjustments after proper installation.

Lap siding application framed doors are available by special order.

72"W x 72"H

Available in bronze, white, and mil frames
Doors come with matching-color sliding screen doors

Vinyl Frame Insulating Doors

Vinyl laminated sliding doors are constructed with a low profile frame that increases the viewing area and improves the thermal and sound insulating properties.

The heat-fusion welded frame and moving panel offers superior structural strength. A staggered internal weep system provides minimal dust infiltration. Sealed tempered insulating glass panels with intercept spacer provides optimum thermal performance.

72"W x 76"H

Available in white only
Doors come with matching-color sliding screen doors
