

Doors and Windows

Kinro Horizontal Sliding Windows

Kinro Series 19000 Horizontal Slider windows are an excellent choice for the Manufactured Home owner.

Series 19000 windows feature large flush mounting flanges with full pipe weather-stripping at head, sill, and meeting rail. Nylon guides ensure easy window replacement.

Other features include a sloped sill and indirect, built-in weep holes for superior drainage. Spring loaded removable screens permit fast and easy cleaning of window surface and sill.

Interlocking meeting rails and cam lock provide security and additional weatherproofing.

Series 19000 windows are available in a variety of sizes and frame colors. Frosted glass is also available.

Doors and Windows

Kinro Vertical Sliding Windows

Kinro Series 18000 Vertical Slide windows are the standard for the Manufactured Home owner.

Series 18000 windows feature large flush mounting flanges with full pipe weather-stripping at head, sill, and meeting rail. Nylon guides ensure easy window replacement.

Other features include a sloped sill and indirect, built-in weep holes for superior drainage. Spring loaded removable screens permit fast and easy cleaning of window surface and sill.

Interlocking meeting rails and cam locks provide security and additional weather-proofing.

Window jambs notches provide multiple opening positions with spring-loaded latches.

Series 18000 windows are available in a variety of sizes and frame colors. Frosted glass is available on several sizes. See page 42 for a list of sizes and part numbers normally maintained at our branch locations. Contact the branch nearest you for local availability.
